

RoadWarrior

Ultra Portable Screens For Today's Ultra Portable Projectors.

The Draper RoadWarrior lets you travel light and still deliver a big presentation. Designed with today's presenter in mind, the RoadWarrior has a strikingly modern appearance.

It's available in four sizes, and sets up in seconds on either floor or table as required. Just set it where you want it—floor or table. Release two clasps to open the lid. Rotate feet into position for stability. Extend the screen to desired height (pneumatic cylinders support it at any level). Includes enough black "rise" to clear a standard tabletop.

Screen height adjusts instantly, at the touch of a finger. Compatible with resolutions up to 1200 x 1600 and beyond, with broad viewing cone and accurate color rendition. Setting up the RoadWarrior is a snap.

Viewing Surfaces

Tear-resistant fiberglass matt white screen surface is designed for computer-driven presentations and meets the needs of today's LCD projectors and computer-generated text—high resolution, broad viewing cone, and accurate color rendition. Also available in glass beaded and High Contrast Grey. All viewing surfaces have 3/4" black borders at sides and are supported by 7/8" black aluminum dowel with full-width slat saddle.

Standard Features

Shoulder Strap

The RoadWarrior is a great traveler. Sling it over your shoulder with the detachable shoulder strap.

Screen Case

Aluminum housing and feet are sturdy and streamlined.

Optional Features

Padded Carrying Case

Draper's Padded Carrying Case will protect your RoadWarrior from life's hard knocks. Constructed of 1/2" thick shock-absorbing material sandwiched between tear-resistant black nylon inner and outer sleeves.

Case protects screen from dents, scuffs and scratches. Zippered case has heavy nylon strap (removable) for easy transport.

RoadWarrior Dimensions

Nominal Diagonal	Viewing Area (H x W)	Height Range	Closed Dimensions (D x H x L)	Shipping Wt. (lbs.)
